## Proven Solution for Global Payroll Service Providers

Every payroll service provider needs to ensure that local employees receive the right amount of pay, on time. It's that simple. Global payroll should be no different.

As world leaders in payment innovation, our proprietary payments technology solution is designed to integrate seamlessly with your existing enterprise resource and accounting systems so you can pay employees securely and efficiently, anywhere in the world. We make global payroll easy and seamless – the way it's meant to be.

**Common Global Payroll Issues**

- Failed or delayed payments
- Understanding local regulatory payment requirements
- Untimely Payroll investigation resolution
- Manual and decentralized reconciliation
- Foreign currency risk
- Lack of visibility into segregated reporting

### Smart

Cambridge's global banking footprint can deliver payroll in over 150 currencies:

- Sophisticated knowledge of unique payment requirements for each country
- Mitigate Foreign Currency risk through a mix of spot and forward contracts matched with your client's payroll cycle
- International ACH in 22 currencies for low cost in-country delivery

### Accurate

Robust validation tools enable timely and correct delivery of international payroll:

- Validation tools to minimize human error and wire investigations
- Global Holiday Calendar provides insight to ensure on time payroll
- Optimize payroll through a centralized and consolidated payment file workflow

### Secure

Cambridge's technology solution assures the security of international payments:

- Customized approvals to protect employee and payment information
- Secure, scalable solution for multi-user and multi-enterprise access and authentication for enhanced security
- Interactive Audit Log to monitor user activity, controls, and approvals
